

AWAIS AHMED

Cybersecurity & Digital Forensics Enthusiast

+92 307 944 4960 | Lahore, Pakistan | [LinkedIn](#)

SUMMARY

Certified Cybersecurity and Digital Forensics practitioner with hands-on academic and project experience in digital forensic analysis, vulnerability assessments, and network packet inspection. Skilled in applying tools like Autopsy and Wireshark, and leveraging Python to create scripts for log analysis, file inspection, and automating repetitive security tasks. Certified Information Systems Auditor (CISA) with foundational knowledge of security frameworks (NIST, PCI-DSS, ISO 27001). Eager to apply my technical foundation and proactive learning approach to support threat detection and incident response in a professional security environment.

EXPERIENCE

Cybersecurity On-hands

March 2024 – Present

Lahore Garrison University
Lahore, Pakistan

- Conduct comprehensive digital forensic investigations on datasets utilizing Autopsy forensic platform and manual Windows registry analysis techniques
- Developed custom Python-based packet sniffer using Scapy library for real-time network traffic monitoring and analysis
- Execute vulnerability assessments on web applications and network infrastructure using industry-standard penetration testing tools
- Prepared forensic reports and incident response documentation following industry best practices and legal requirements
- Collaborate with academic research teams on cybersecurity projects and forensic case studies

Cybersecurity Analyst

May 2025

Mastercard Security Awareness Team (Forage Virtual Internship)
Remote

- Analyzed and identified sophisticated phishing campaigns and social engineering threats targeting financial services
- Conducted comprehensive security risk assessments across multiple business units to identify training gaps
- Designed and implemented targeted security awareness training programs for diverse organizational teams
- Developed security procedures and protocols to mitigate identified vulnerabilities and enhance organizational security posture

EDUCATION

Bachelor of Science in Digital Forensics and Cybersecurity

Lahore Garrison University

Higher Secondary Certificate

Divisional Public School And Intermediate College

TECHNICAL SKILLS

Digital Forensics

Autopsy Forensic Platform | Windows Registry Analysis | Forensic Reporting | Evidence Handling | Basic Hashing

Network Security

Wireshark | Packet Analysis | Network Protocols (TCP/IP) | Custom Sniffers (Python/Scapy)

Security Frameworks & Compliance

NIST | PCI-DSS | ISO 27001 | Risk Management | Compliance Awareness

Vulnerability & Testing

Vulnerability Assessment | Basic Penetration Testing | OWASP Top 10 | CEH Methodology

Programming & Scripting

Python (Scapy, Automation) | Command Line (Linux/Windows) | SQL

Security Tools & Platforms

SIEM Basics | Endpoint Security | Security Hardening | Log Analysis

Operational Skills

Incident Response | Security Awareness Training | Threat Response | Investigation Techniques | Computer Networking

CERTIFICATIONS

- Certified Information Systems Auditor (CISA)** – ISACA Lahore Chapter (2024)
- Google Cybersecurity Professional Certificate** – Google via Coursera (2025)
- Networking Basics** – Cisco Networking Academy (2025)
- Play It Safe: Manage Security Risks** – Google via Coursera (2025)
- Cybersecurity Job Simulation** – Mastercard via Forage (2024)
- Pre Security** – TryHackMe (2025)
- Automate Cybersecurity Tasks with Python** – Google via Coursera (2025)
- Tools of the Trade: Linux and SQL** – Google via Coursera (2025)
- Ethical Hacker Concepts Training** – Professional Freelancing Training Program (2023)
- Connect and Protect: Networks and Network Security** – Google via Coursera (2025)
